

## CABIN ON STRAWBERRY

\$240,000

It's a dandy of a cabin. Warm, cozy, cuddly, plenty of sunshine, super back yard. No deferred maintenance. Vintage wood stove, forced air furnace, year-round ready. Large garage, in and out doors, loft above for storage and more bunk bed space. Kitchen, living room on main floor, bed, bath and washer/dryer down, bed and bath in upper loft. Annual visitors include buck, Doe and bambi, so have some apples ready, the deer expect them. Furniture negotiable. Winter access is snowmobile.
